- (b) except in the case of a lorry, make the necessary alterations in the revenue licence and deliver it to the new owner :

Provided, however, that the Registrar may refuse to deliver the altered revenue licence to the new owner unless a certificate of insurance or a certificate of security, in conformity with the provisions of Part VI and relating to that motor vehicle, is produced to the Registrar or a licensing authority for inspection.

(3) Upon the registration under this section of the new owner of a lorry, the lorry shall not be used unless a new revenue licence is issued in respect thereof upon application made in accordance with the provisions of section 41.

(4) At the time of the registration of the new owner of a motor vehicle which is let under a hire-purchase agreement, the Registrar shall also enter in the register the name of the person who

(3) Notwithstanding anything in the preceding provisions of this section, no person shall be registered as the temporary owner of a motor coach or lorry except with the prior approval of the Commissioner ; and the Commissioner may refuse to grant such approval in any case where he is not

Provided that if the registered owner of that omnibus, private coach or lorry at any time before the date of expiry of the revenue licence becomes the holder of a stage carriage permit for a regular omnibus service or a private coach permit or a permit under Part V, as the case may be, which is valid until some date not earlier than the thirty-first day of December of the year in respect of which that licence was issued, the licensing authority by whom the licence was issued shall, on application made in that behalf by such owner before the date of expiry of the licence and on payment of the amount of fee calculated as hereinafter provided by endorsement under his hand on the licence, extend the period of its validity until the thirty-first day of December aforesaid and accordingly the licence shall continue in force until that date.

(2) Where a revenue licence for an omnibus or a private coach or lorry issued in respect of any year is, in accordance with sub-section (1), due to expire before the thirty-first day of December of that year, the fee payable on that licence shall, save as is otherwise provided in sub-section (2) of section 31, be the fee payable under sub-section (1) of that section on a yearly licence, reduced by one-twelfth part for each complete calendar month of the period, commencing on the first day of the month succeeding the month in which the licence is due to expire and ending on the thirty-first day of December aforesaid :

Provided that where the period of validity of such a licence is extended under the provisions of sub-section (1) until the thirty-first day of December aforesaid, a further fee shall be payable on that licence and the amount of that fee shall be the amount by which the fee payable on a yearly licence under sub-section (1) of section 31 exceeds the amount actually paid on that licence at the time of issue thereof.

34. Any licensing authority may insert in any revenue licence for a hiring car, motor coach or lorry issued by that authority such conditions as an examiner or other person may, after examination under this Act of such car, coach or lorry, as the case may be, certify to be necessary in the interests of safety.

Power to insert conditions in revenue licence.

35. (1) The licensing authority shall specify in every revenue licence issued by the authority—

(a) for a private coach, the maximum number of persons authorised to be carried in that coach ; and

(b) for a hiring car or an omnibus, the maximum number of passengers authorised to be carried in that car or omnibus, as the case may be :

Maximum number of persons and passengers to be specified in revenue licences for private coaches, hiring cars, &c.

Provided, however, that in the case of a hiring car in which the least distance between the front edge of the rear seat and the back of the front seat exceeds two feet, the Commissioner may in his discretion authorise not more than two passengers to be carried in the car in excess of the number determined for that car under sub-section (2), and in any such case the number to be specified in the revenue licence for that car shall be varied accordingly, and no such car shall by reason only of such variation be deemed for any purpose to be a motor coach.

(2) For the purpose of determining the maximum number of persons or passengers, as the case may be, that may be carried on a hiring car, private coach or an omnibus—

(a) fifteen inches of seating space shall be allowed for each person or passenger, as the case may be ; and

(b) due regard shall be had to the safe load of the car, coach or omnibus which shall be calculated in such manner as the Commissioner may direct, the weight of each person or passenger, as the case may be, being reckoned, in that calculation, as one hundred and twelve pounds:

Provided, however, that in the case of an omnibus—

- (a) which is constructed and equipped in accordance with such provisions as may be prescribed and is provided with a centre gangway; and
- (b) which is to be used under the authority of a stage carriage permit for a regular omnibus service,

the following provisions shall, for such periods as may be determined by the Commissioner, apply in lieu of the preceding provisions of this sub-section:—

- (i) Fifteen inches of seating space shall be allowed for each passenger.
- (ii) Where the omnibus has a wheel base of not less than one hundred and fifty-seven inches, the number of passengers determined for that omnibus under paragraph (i) shall be increased by eight.

- (c) in any case where the revenue licence for that motor vehicle is, under section 40, surrendered for cancellation, give written notice on or before the date of such surrender that he does not intend to use the motor vehicle for such period, commencing on the date of such surrender, as may be specified in the notice ; or

(2) The registered owner of a motor vehicle, in respect of which notice of a period of non-user has been given under sub-section (1), may by written notice given before the expiry of that period extend the period, and may from time to time by like notice further extend the period as often as may be necessary :

Provided, however, that where any written notice purporting to extend a period of non-user is given within seven days after the date of the expiry of that period, the licensing authority, if he is satisfied that the delay in giving such notice was due to any error, accident or misfortune, may in his discretion accept such notice as a notice duly given before the expiry of that period ; and the period of non-user shall be deemed to be extended accordingly.

(3) Every notice under this section shall be despatched by registered post, or delivered in person, to the licensing authority ; and the licensing authority shall in every case where a notice is delivered in person issue a written acknowledgment of the receipt thereof.

(4) The period of non-user specified in any notice under this section shall not extend beyond the thirty-first day of December of the year in respect of which the notice is given.

(5) Where any person is registered under Part I as the new owner or the temporary owner of a motor vehicle, in respect of which notice of a period of non-user has been given under this section, that notice shall cease to be operative on the date of the registration of such new owner or temporary owner.

(6) For the purposes of this Part, " period of non-user " means any period specified in a notice given under sub-section (1), and where any such period is extended or deemed to be extended under sub-section (2), includes the period so extended or deemed to be extended.

(2) The holder of a revenue licence for a motor vehicle may at any time if he desires to use the motor vehicle for a purpose not authorised by the licence, apply for a new revenue licence.

(3) No new revenue licence shall be issued for any motor vehicle on application made under this section—

(a) until the old revenue licence is surrendered to the licensing authority to whom the application is made; or

(b) if the issue thereof would be a contravention of section 28.

(4) (a) Where the rate of fee payable on a new revenue licence is higher than the rate payable on the old revenue licence, there shall be deducted from the fee on the new revenue licence a sum equal to the fee which would have been payable on the old licence if it had been issued on the same day as the new licence:

Provided that the licence fee payable on the new revenue licence shall not in any case be less than five rupees.

(b) Where the rate of fee payable on a new revenue licence is lower than the rate payable on the old revenue licence, the holder of the old revenue licence shall be entitled—

(i) to obtain a refund of the fee on surrender of that licence in accordance with the provisions of section 40, and to apply for a new revenue licence; or

(ii) to obtain the new revenue licence without any further payment.

(c) For the purposes of this sub-section the fee payable on a new revenue licence, and the fee which would have been payable on an old revenue

Surrender and cancellation of revenue licence.

40. Where the holder of a revenue licence for a motor vehicle surrenders the licence for cancellation to the licensing authority which issued the licence, he shall be entitled to obtain from the licensing authority a refund, subject to the deduction of a sum of five rupees, of one-twelfth part of the duty, payable on a yearly licence for that vehicle under section 31 (1), in respect of each complete calendar month of the period commencing on the first day of the month succeeding the month in which the licence is surrendered and ending on the thirty-first day of December next following.

(2) (a) The licensing authority of the area in which any registered garage or place of business is situated shall, upon application in the prescribed form, and upon production of the dealer's certificate relating to that garage or place of business, and on payment of the licence fee at the rate prescribed for such licence, issue to the holder of that certificate such number of dealer's licences as he may require.

(b) Every dealer's licence shall be in the prescribed form, and the licensing authority shall assign to each licence issued in respect of each registered garage or place of business a dealer's licence number, consisting of the garage number allotted to that garage or place of business and of a serial number, set out in such form as may be prescribed.

(3) A dealer's licence issued by any licensing authority shall be valid, for the purposes of this Act, only so long as the person to whom the licence was issued carries on business as a dealer in, or manufacturer or repairer of, motor vehicles at a registered garage or place of business situated within the administrative areas of that authority.

dealer's licence.

Provided, however, that no such licence shall be deemed to authorise the carriage on any motor vehicle of passengers or goods for fee or reward, or of any person other than a person testing or inspecting the vehicle with a view to the purchase thereof.

(2) A motor vehicle sold by a person who is the holder of a dealer's certificate may, under the authority of a dealer's licence issued to that person, be used by the purchaser of the motor vehicle during the ten days next following the sale for any purpose other than the carriage of passengers or goods for fee or reward :

Provided, however, that the use of the motor vehicle by the purchaser under the authority of a dealer's licence shall be, and shall be deemed to have been, a contravention of the provisions of

section 25, unless the purchaser, within the three days next following the sale—

- (a) in the case of a motor vehicle for which a revenue licence is not in force, makes application under section 30 for a revenue licence for that vehicle;
- (b) in the case of a motor vehicle for which a revenue licence is in force, makes application under section 12 for registration as the new owner of that vehicle.

(3) Where any motor vehicle is used under the authority of a dealer's licence—

- (a) that licence shall be carried on the motor vehicle in the manner provided in section 38;
- (b) two identification plates, each bearing the dealer's licence number assigned to that licence under section 42 (2), shall be affixed to the motor vehicle in accordance with such of the prescribed provisions as may be applicable to a motor vehicle of that class or description.

(4) Where a motor vehicle, sold by a person who is the holder of a dealer's certificate, is used after the sale under the authority of a dealer's licence issued to that person, the revenue licence subsequently issued for the motor vehicle shall be expressed to have come into force on the date of the sale, and the duty payable thereon shall be computed accordingly.

(5) The holder of a dealer's certificate—

- (a) shall keep a record, in the prescribed form, of every occasion on which a motor vehicle is used under the authority of a dealer's licence issued to him; and
- (b) shall where a motor vehicle is sold and used after the sale under the authority of any such licence, keep a record of the engine and chassis numbers of the motor vehicle, the name and address of the purchaser, the date and time of the removal of the motor vehicle after the sale and the number assigned to that licence under section 42 (2), and shall forward a duplicate of the record to the Registrar immediately after the sale; and

(c) shall produce the record for inspection whenever required so to do by any police officer or by any person authorised in writing by the Registrar or the licensing authority.

44. (1) The Registrar, if he is satisfied, upon application made in the prescribed form, that any motor vehicle has been imported into Ceylon for the purpose of being used by the owner of that vehicle during a visit to Ceylon, may, notwithstanding that no person has been registered as the owner of that vehicle, issue to the owner a visitor's temporary licence, in the prescribed form, authorising the possession and use of the motor vehicle for a period not exceeding three months from the date of importation.

vehicle.

(2) The powers conferred on the Registrar by sub-section (1) may—

(a) in the case of a motor vehicle imported at the port of Talaimannar, be exercised by the Assistant Government Agent at Mannar or by the Sub-Collector of Customs at Talaimannar ; or

(b) in the case of a motor vehicle imported at the port of Trincomalee, be exercised by the Assistant Government Agent at Trincomalee ; or

(c) in the case of a motor vehicle imported at the port of Galle, be exercised by the Government Agent of the Southern Province.

(3) Every application made to, and a copy of every visitor's temporary licence issued by, any officer under sub-section (2) shall be forwarded to the Registrar.

(4) No visitor's temporary licence shall be issued under this section except upon payment of the prescribed fee ; and every fee paid for a temporary licence shall be credited to the Consolidated Fund.

45. (1) No person shall use any motor vehicle for any purpose not authorised by the revenue licence for the time being in force for that vehicle, or in contravention of any of the conditions contained in that licence.

(2) The Commissioner may in his discretion issue a permit for the purpose of—

- (a) authorising a private car to be used for a specified period for the carriage of samples of goods not exceeding two hundred and twenty-four pounds in weight; or
- (b) authorising a hiring car to be used for a specified period for the carriage of mails; or
- (c) authorising a hiring car to be used for a specified period by the registered owner otherwise than as a hiring car; or
- (d) authorising an omnibus to be used, subject to such conditions as may be specified in the permit, for the carriage of mails or newspapers.

(3) Regulations may be made empowering the Commissioner, in any case not provided for in sub-section (2), to issue a permit authorising the use of any motor vehicle for any specified purpose not authorised by the revenue licence for the time being in force for that vehicle, and prescribing the conditions subject to which any such permit may be issued.

(4) No person shall be deemed to have contravened the provisions of sub-section (1) by reason only of the use of a motor vehicle in accordance with any permit issued under sub-section (2) or under any regulation made under sub-section (3).

PART IV

PASSENGER CARRIAGE PERMITS

Omnibus Services

Permits
required for
omnibuses.

46. (1) No omnibus shall, on or after the appointed date, be used on any highway except under the authority of a stage carriage permit granted by the Commissioner under this Part and for the time being in force.

(2) The provisions of sub-section (1) shall not apply to any omnibus which is used by any dealer on any highway if, but only if, it is so used under and in accordance with a dealer's licence issued under Part III.

47. A permit authorising the use of an omnibus shall be of one of the following classes, that is to say—

Classes of stage carriage permit.

- (a) a stage carriage permit for a regular service, and
- (b) a stage carriage permit for an occasional service.

48. (1) A stage carriage permit for a regular service shall entitle the holder thereof to use omnibuses of which he is the registered owner for the purpose of the operation of a regular omnibus service on the route or routes specified in the permit in accordance with the conditions attached thereto.

Authorised passenger carriage by omnibus.

(2) A stage carriage permit for an occasional service shall entitle the holder thereof to use omnibuses of which he is the registered owner for the purpose of the operation of an occasional service, on the occasion of any specified festival, fair, exhibition, excursion, tour or any other specified event, for the carriage of passengers to and from specified places and on the specified route or routes and in accordance with the conditions attached to the permit.

In this sub-section, "specified" means specified in the permit.

49. The Commissioner may, at the time of the grant of a stage carriage permit for an occasional service, specify therein, by reference to its distinctive number and such other particulars as he may consider necessary, each omnibus the use of which is authorised by the permit, and in any such case, no omnibus other than an omnibus so specified shall be used for the purposes of the service.

Specification of authorised omnibuses in permits for occasional services.

50. (1) The period for which a stage carriage permit under this Part shall be in force shall—

Duration of stage carriage permits.

- (a) in the case of a permit for a regular service, be such period, not being less than two years nor more than ten years from the date on which it is expressed to come into force as shall be specified in the permit; and
- (b) in the case of a permit for an occasional service, be such period as shall be specified in the permit.

(2) In any case where before the expiration of a stage carriage permit for a regular service, the holder thereof applies for another permit authorising the use of omnibuses for substantially the same purposes as those authorised by the existing permit, the existing permit shall continue in force until the application is finally disposed of without prejudice, however, to the exercise in the meantime of the powers conferred by section 60.

**Application
for stage
carriage
permit.**

51. (1) Every application for a stage carriage permit shall be made to the Commissioner in such form as the Commissioner may provide for the purpose.

(2) Every application for a stage carriage permit for a regular service shall be made not less than three months before the date on which the applicant requires the permit to come into force.

(3) Every applicant for a stage carriage permit shall submit together with his application, a statement in such form as the Commissioner may provide for the purpose, containing—

- (a) particulars of the type or types of the omnibuses proposed to be used under the permit ;
- (b) particulars of the route or routes on which it is proposed to provide the service ;
- (c) in the case of a permit for a regular service, the time-table and fare-table of the proposed service ;
- (d) in the case of a permit for an occasional service, particulars of the area in which and of the event or events in connection with which a service is to be provided and such other particulars as the Commissioner may require including particulars relating to the frequency of the proposed service and the time to be taken on the journeys included therein ;
- (e) such particulars as the Commissioner may require as to the hours of work or rest, hours of continuous duty, wages and other conditions of employment of the persons employed or proposed to be employed for the purpose of the service ; and
- (f) such other particulars as the Commissioner may require.

(4) An applicant for a stage carriage permit shall furnish to the Commissioner such other information as may be reasonably required for the purposes of this Act, including information pertaining to any matter mentioned in sub-section (2) of section 56.

52. (1) The Commissioner shall publish in the prescribed manner notice of every application for a stage carriage permit for a regular service and shall specify in such notice the time at which and the manner in which objections may be made against the grant of the application.

Notice of applications for permits for regular services.

(2) In the case of any application referred to in sub-section (1), any person already providing transport facilities, whether by means of road transport or any other means of transport, for the carriage of passengers for fee or reward along or near to the proposed route or routes or any part thereof may, on payment of the prescribed fee, make objection against the grant of the application on the ground that suitable transport facilities along or near to the proposed route or routes or part thereof, are, or if the application were granted, would be, in excess of requirements, or on the ground that any of the conditions of any permit held by the applicant has not been complied with.

An objection may be made under this sub-section on behalf of the railway by the General Manager of the Railways or any other officer of his Department authorised by him for the purpose ; no fee shall be payable in respect of any such objection.

(3) Any local authority within whose administrative limits any part of the route or routes proposed by an applicant for a stage carriage permit is situated or any other persons interested may make representations in relation to the application ; and the Commissioner shall take into consideration any representations so made.

53. It shall be the duty of the Commissioner to hold a public hearing into every application for a stage carriage permit for a regular service and into all objections duly made by persons entitled under sub-section (2) of section 52 to make objections in respect of the application.

Public hearing into application for permit for regular service.

54. (1) A stage carriage permit for an occasional service shall not be granted to any person other than—

- (a) the holder of a stage carriage permit for a regular service ; or
- (b) a person who is the holder of a certificate of eligibility for permits for occasional services.

(2) An application for a certificate of eligibility for stage carriage permits for occasional services may be made by and only by—

- (a) a co-operative society duly registered under the Co-operative Societies Ordinance and recommended by the Registrar of Co-operative Societies for the grant of the certificate ; or
- (b) a company carrying on or proposing to carry on the business of the carriage of passengers on tours or excursions ; or
- (c) any person to whom road service licences for services, other than regular services, were ordinarily issued under the Omnibus Service Licensing Ordinance, No. 47 of 1942, during the years 1949 and 1950.

(3) Every application for a certificate of eligibility under this section shall be made to the Commissioner and shall be disposed of in his discretion.

(4) The grant to any person of a certificate of eligibility under this section shall not be deemed or construed in any way to limit or affect the right of the Commissioner to refuse any application by that person for a stage carriage permit for an occasional service.

(5) No stage carriage permit for an occasional service shall be granted to any person referred to in paragraph (c) of sub-section (2) authorising the use of any omnibus unless that person was in the year 1950 the registered owner of that omnibus.

(6) In any case where a stage carriage permit for an occasional service can lawfully be granted to any person and the Commissioner is unable to grant a permit prior to the time at which the service is proposed to be commenced, the Commissioner may orally authorise the applicant to provide the service ; and any service provided

in accordance with such oral authority shall be deemed to be a service provided under a stage carriage permit if the prescribed fee for the requisite permit is paid within seven days of the date on which the service was provided.

55. (1) Subject to the provisions to the contrary in the succeeding sub-sections of this section, the grant under this Part of stage carriage permits for regular services shall be so regulated as to secure that different persons are not authorised to provide regular services involving the use of the same section of any highway.

Permits for
regular services
to be usually
exclusive.

(2) The Commissioner may, where he considers necessary so to do having regard to the needs and convenience of the public, make a determination having the effect that two or more persons are authorised by their permits to provide regular services involving the use of the same section of the highway, if—

(a) that section of the highway is common to the respective routes to be used for the purposes of the services to be provided under each of the permits, but does not constitute the whole or the major part of any such route ; and

(b) the principal purpose for which each such permit is issued is to authorise the provision of a service substantially different from the services to be provided under the other permit or permits.

(3) The fact that a stage carriage permit is granted to any person authorising the provision of a regular service involving the use of any section of a highway shall not be deemed to prohibit the grant to any other person of a permit authorising the provision of a regular service involving the use of the same section of the highway if the section of the highway lies within the administrative limits of any Municipal Council or Urban Council :

Provided, however, that regulations may be made—

(a) authorising the inclusion in any such permit of a condition that no passenger is both picked up and set down at points on that section of a highway ; and

(b) providing that a person who is under paragraph (a) deprived of the right previously enjoyed by him under a

stage carriage permit to pick up and set down passengers in any area will, in prescribed circumstances, be entitled to receive compensation for the loss of business from the person to whom that right is conferred by a permit granted as provided in this sub-section ; and

(c) prescribing the mode of computing the amount of such compensation, the matters to be taken into consideration in determining such amount and for the settlement by arbitration in the prescribed manner of any dispute as to the amount of compensation so payable.

(4) In any case where permits have under the preceding provisions of this section been granted to two or more persons authorising the provision of regular services involving the use of the same section of a highway, the Commissioner may, if he considers it necessary so to do, for the purpose of meeting intensive demand for passenger transport whether on that section of the highway or any part of that section or any longer section which includes that section or part, make a determination for the grant, to any one or more of such persons or to each of them, of an additional permit authorising the provision of a regular local service on the same section or such part of the section or such longer section, as the case may be :

Provided, however, that in the case of such longer section, the additional permit shall not be granted to any person unless he is already the holder of a stage carriage permit for a regular service involving the use of the longer section.

(5) Where the Commissioner has, under sub-section (1) of section 59, made Order directing the holder of a stage carriage permit to increase the frequency of the services provided under that permit or to provide any additional service, and that Order is not complied with within three months of the date of the service thereof on the holder or such longer period as the Commissioner may allow, the Commissioner may, notwithstanding anything to the contrary in sub-section (1),

of any regular service necessary to meet the increased demand for passenger transport which occasions the making of the Order.

Nothing in section 52 or in section 53 shall apply in relation to the grant of a permit under this sub-section.

(6) Where any company engaged in the publication of a newspaper was during the year 1950 the holder of a road service licence issued under sub-section (2) of section 7 of the Omnibus Service Licensing Ordinance, No. 47 of 1942, authorising the company to provide on any route such an omnibus service as enabled newspapers published by the company to be carried and distributed, the Commissioner may grant a stage carriage permit to that company authorising the provision of a regular service involving the use of that route for the purpose of enabling newspapers published by the company to be carried and distributed, notwithstanding that any other person is also authorised to provide a regular service involving the use of that route.

(7) Notwithstanding anything in sub-section (1) of this section, a stage carriage permit may be granted to any person mentioned in the first column of Part A of the Schedule to this Act authorising that person to continue to provide a regular service, being a service identical with that heretofore provided by him under the authority of the road service licence described in the corresponding entry in the second column of Part A of that Schedule.

(8) Notwithstanding anything in sub-section (1) of this section, the grant to the Colombo Municipal Council of a stage carriage permit authorising the provision of a regular omnibus service on any route referred to in sub-section (3) of section 66 shall not prevent the grant of a stage carriage permit to the person mentioned in the first column of Part B of the Schedule to this Act, authorising him to continue to provide a regular service, being a service identical with that heretofore provided by him under the authority of any road service licences described in the second column of Part B of that Schedule :

Provided, however, that—

(a) if the Colombo Municipal Council so requests, the Commissioner may refuse to grant any such permit to any such

person or may attach to the permit granted to him a condition that no passenger is both picked up and set down at points on such route which are served by the omnibus service provided by the Council ;

- (b) where a permit is so refused to any such person, or the permit granted to him is made subject to the condition mentioned in paragraph (a), that person shall be entitled to compensation for loss of business from the Municipal Council ;
- (c) regulations may be made prescribing the mode of computing such compensation, the matters to be taken into consideration in determining such amount and providing for the settlement by arbitration in the prescribed manner of any dispute as to the amount of compensation so payable.

Disposal of applications for permits.

56. (1) Subject to the provisions of sections 54 and 55, the Commissioner shall have full power and discretion to make a determination either to grant or refuse an application for a stage carriage permit.

(2) The Commissioner, in exercising the discretion in regard to the grant or refusal of stage carriage permits and to the route or routes in respect of which permits may be granted, shall have regard primarily to the interests of the public generally, including those of persons requiring, as well as those of persons providing, facilities for the transport of passengers for fee or reward and shall, in particular, have regard in the case of any application for any such permit, to the following matters :—

- (a) the extent to which the proposed service is necessary or desirable in the public interest ;
- (b) the suitability of the proposed route or routes ;
- (c) the extent, if any, to which the needs of the proposed route or routes or of any such route are already adequately served ;
- (d) the needs of the area as a whole in relation to traffic (including the provision of adequate, suitable and efficient services

and the provision of unremunerative services) and the co-ordination of all forms of passenger transport, including transport by railway;

- (e) the question whether any provision of any other written law prescribing a speed limit is likely to be contravened;
- (f) the financial position of the applicant, in so far as it may affect the efficient operation of the proposed service;
- (g) the following considerations of policy, that is to say,
 - (i) that wherever any transportation facilities (including facilities provided by the railway) in any area or on any route are, in the opinion of the Commissioner, satisfactory and efficient to meet at reasonable charge the transportation requirements of the public within that area or on that route, it is undesirable to grant stage carriage permits authorising the carriage of passengers within substantially the same area or over substantially the same route in competition with the said transportation facilities, and
 - (ii) that it is desirable, except where special circumstances render it inexpedient so to do, to give preference (other things being equal) to an application by a Co-operative Society for a permit to provide services which fulfil transportation requirements in the locality in which the society carries on its activities wherever such services will not be in competition with services provided on established trunk routes, and to give preference to an application by the Colombo Municipal Council for a permit to provide services on any route on which a tramway service was provided in the month of December, 1949, and

(iii) that, where in the case of any application for a stage carriage permit authorising the provision of a regular service the following condition is satisfied, namely, that the applicant is at the time of his application the holder of a permit authorising the provision of a substantially similar service, preference should be given to his application over any application by a person in whose case the said condition is not satisfied, unless the refusal of the first-mentioned application is justified on the ground that the conditions of any permit previously held by the applicant have not been complied with or is justified by special circumstances.

Conditions attached to permits.

57. Subject to the provisions of this Act and of any regulations made in that behalf, the Commissioner may attach to any stage carriage permit all such conditions as he may think fit to impose with respect to the matters mentioned in section 56 and generally for securing the safety and convenience of the public, including conditions requiring—

- (a) that the fares to be charged shall be such as may be specified in the permit;
- (b) that the service shall be operated in accordance with a time-table specified in the permit;
- (c) that copies of the time-table and fare-table shall be carried and kept exhibited in omnibuses used on the service;
- (d) that every omnibus used on the service shall be of a specified type and be maintained at all times in a fit and serviceable condition;
- (e) that no omnibus shall be used on the service unless a certificate of fitness in respect thereof is in force for the time being;
- (f) in a case where permits are issued to different persons involving the use of the same section of a highway, or where

any route or part thereof lies within the administrative limits of any local authority, that passengers shall not be taken up or shall not be set down (i) except at specified points or (ii) between specified points ;

- (g) that the requirements of any written law with respect to the time for which drivers or conductors of omnibuses may remain continuously on duty and to their hours of work or rest and to their wages are complied with in the case of the drivers and conductors of the omnibuses used under the authority of the permit ;
- (h) that the speed limits prescribed by any written law and applicable in the case of omnibuses shall be observed in the operation of the service ;
- (i) that mails or newspapers shall be carried to such places and at such times as the Commissioner may specify, if payment for such carriage is made in accordance with rates approved by the Commissioner, and in the case of mails, that they shall be carried in accordance with terms and arrangements approved by the Commissioner and embodied in a contract between the applicant and the Postmaster-General ;
- (j) that the holder of the permit must make adequate provision, whether by setting apart of funds or in any other prescribed manner for depreciation of omnibuses, buildings and plant and for the purchase of new omnibuses ;
- (k) that, in the case of a permit for a regular service, the holder shall be bound, if required so to do, to provide omnibus services or hiring car services on any neighbouring route or routes in the area deemed by the Commissioner to be the area served by the regular service provided under the permit, whenever the Commissioner is of the opinion that such additional omnibus or hiring car services are necessary in the public interest.

Variation of
conditions of
permit.

58. The Commissioner may, upon application made to him in that behalf by the holder of a stage carriage permit, or of his own motion, modify or rescind any condition attached to that permit under section 57 or attach any new condition thereto :

Provided, however, that except in a case where application in that behalf has been made by the holder of a permit, no condition shall be modified or rescinded and no new condition shall be attached except after giving the holder an opportunity to be heard.

Orders and
permits for
special services

59. (1) For the purpose of meeting any increased demand for passenger transport, the Commissioner may by Order direct the holder of a stage carriage permit for a regular service to increase the frequency of the services provided under any permit, or to provide additional regular services, whether on the whole of the route or routes specified in the permit or on any such route or part thereof ; and any service which is provided in compliance with the Order shall be deemed for the purposes of this Part to be a service authorised by that permit. No such Order shall be made unless the holder has first been given an opportunity to be heard.

(2) For the purpose of meeting any demand for passenger transport during the existence of any emergency, the Commissioner may grant a stage carriage permit to any person authorising the provision of such emergency services as may be specified in the permit.

Nothing in section 52 or in section 53 shall apply in relation to the grant of any permit under this sub-section ; and any such permit may be granted notwithstanding anything to the contrary in section 55.

(3) A certificate under the hand of the Minister to the effect that an emergency exists shall for the purposes of sub-section (2) be final and conclusive.

Revocation or
suspension
of permits.

60. (1) Subject to the provisions of this section, the Commissioner may revoke any stage carriage permit or suspend any permit for any specified period on the ground that any of the conditions attached to the permit have not been complied with.

(2) The Commissioner shall not make a determination that a stage carriage permit be revoked or suspended unless satisfied that such revocation or

suspension is necessary by reason of the frequency of the breach of conditions, or of any breach having been committed wilfully or to the danger of the public ; and, in addition, the Commissioner shall not make any determination to revoke or suspend a permit for a regular service except after holding a public inquiry in any case where the holder of the permit requests that such an inquiry be held.

(3) In any case where it would be lawful for the Commissioner in accordance with the preceding provisions of this section to make a determination that a permit be revoked or suspended, the Commissioner may instead order him to pay a penalty of an amount not exceeding five thousand rupees or, in the case of a continuing breach of a condition, not exceeding two hundred rupees for each day on which the breach was so continued.

(4) The amount of any penalty shall, when paid, be credited to the Consolidated Fund.

(5) The provisions of this section shall not affect or prejudice the institution or maintenance in any case of a prosecution for any offence under this Act or any other written law.

61. (1) The holder of a stage carriage permit shall not transfer or assign the permit to any other person.

Provision as to
transferability,
&c. of permits.

(2) In the event of the death of the holder of a stage carriage permit, the person having the custody of the omnibus or the majority of the omnibuses used under the authority of the permit shall forthwith give notice of the death to the Commissioner ; and if that person, within fourteen days of the death of the holder, makes application to the Commissioner for a new permit in substitution for the existing permit, that person shall be deemed for the purposes of this Act to be the holder of the existing permit during the period commencing on the date of the death and ending on the date of the grant or refusal of the application :

Provided, however, that no stage carriage permit shall by reason of the preceding provisions of this section be deemed to be in force at any time after the period for which the permit was granted.

(3) Where upon the death of the holder of a stage carriage permit for a regular service the application (referred to in sub-section (2)) for a new permit is made by the person to whom the business

carried on by the deceased holder under the authority of his permit has passed by testamentary disposition or upon intestacy, nothing in section 53 shall apply in relation to the application.

(4) In the event of the insolvency or bankruptcy of the holder of a stage carriage permit, the assignee, liquidator or receiver of the estate of the insolvent or bankrupt shall, within seven days of his appointment, give notice thereof to the Commissioner, and shall be deemed for the purposes of this Part to be the holder of the permit.

(5) In any case where the Commissioner is satisfied that a company in respect of which the provisions of section 67 are complied with, has prior to January 1, 1954, been formed for the purpose of carrying on the business of any holder of a stage carriage permit for a regular service, the Commissioner (notwithstanding that that section has not come into operation) may, upon application made to him in that behalf by such holder, endorse the permit by entering therein the name of the company as the holder of the permit.

**Right of appeal
against certain
determinations;
finality of
other
determinations,
&c.**

62. (1) (a) The applicant for a stage carriage permit for a regular service, or any person who has duly made objection under section 52 in respect of the application, if aggrieved by the determination of the Commissioner thereon, or

(b) the holder of a stage carriage permit for a regular service, if aggrieved by the determination of the Commissioner to suspend or revoke the permit or to modify or rescind any condition attached thereto or to attach any new condition thereto, or

(c) the holder of a stage carriage permit, if aggrieved by any Order under section 59 (1) directing him to increase the frequency of any service, or if aggrieved by any order made under section 60 (3),

shall have a right of appeal against such determination or order in accordance with the provisions in that behalf in Part X.

(2) Every determination of the Commissioner under this Part against which a right of appeal is conferred by sub-section (1) shall, if such right of appeal is not duly exercised, be final and conclusive.

(3) Every decision, determination or Order of the Commissioner under this Part, against which a right of appeal is not conferred by sub-section (1), shall be final and conclusive.

(4) The finality of any decision, determination or Order of the Commissioner shall not prejudice the power of the Commissioner, with the consent of the person or persons affected thereby, to correct any error therein which was due to inadvertence.

63. (1) Notice of every determination, decision or Order of the Commissioner under this Part shall be given in the prescribed manner to every person to whom such notice is required by regulation to be given.

Notice of decisions, determinations, &c.

(2) Where any determination of the Commissioner does not set out the reasons therefor, any person who has under section 62 a right of appeal against that determination may, within seven days of the service on him of notice of the determination, request the Commissioner to furnish to him a statement of the reasons for the determination; and it shall be the duty of the Commissioner in any such case to furnish the statement so required.

64. Regulations may be made with respect to all or any of the following matters :—

Regulations.

(a) the procedure on applications for, and the determination of, questions in connection with the grant, variation, suspension and revocation of stage carriage permits, the fees payable in respect of such applications and permits, and the manner in which, whether in a lump sum or in instalments, such fees shall be payable;

(b) the custody of permits under this Part, and their production, return and cancellation on expiration, suspension or revocation, and the custody, production and return of documents and plates;

(c) the plates and marks to be carried on omnibuses and the manner in which they are to be displayed.

- (d) the records to be kept by holders of such permits in relation to the person employed by such holder as drivers or conductors of omnibuses and to the times of the commencement and cessation of work by such persons and the intervals of rest taken by them;
- (e) the documents to be carried by drivers of omnibuses and the particulars to be entered therein;
- (f) the records to be kept in respect of the journeys performed by omnibuses (in addition to the registers required by section 184);
- (g) the preservation of records so kept, the inspection of such records by any authority specified in the regulation, and the production for the purposes of such inspection of such records on demand made by any such authority.

*Postponement
of operation of
sections 66 to
72.*

65. The provisions of sections 66 to 72 shall not come into operation until January 1, 1954, which day is in those sections referred to as "the prescribed date".

*Restriction of
issue of
permits for
regular services
except to
certain persons.*

66. (1) On or after the prescribed date, no stage carriage permit authorising the provision of a regular omnibus service shall be granted under this Part to any person, other than a company eligible for the grant of such permits, or a registered co-operative society.

(2) Notwithstanding anything in section 50, every stage carriage permit authorising the provision of a regular omnibus service which is held by any person, other than a company eligible for the grant of such permits or a registered co-operative society, shall cease to be in force on the prescribed date.

(3) Nothing in the preceding provisions of this section shall prevent the grant of a stage carriage permit to the Colombo Municipal Council authorising the provision of services on any route on which a tramway service was provided in the month of December, 1949, or affect the continuance in force of any such permit granted to that Council.

67. (1) In order that a company may be eligible for the grant of stage carriage permits authorising the provision of regular omnibus services on or after the prescribed date, the following provisions must be complied with in relation to that company :—

Eligibility of
companies for
permits for
regular omnibus
services.

- (a) The company must be a company formed and registered in Ceylon under any written law.
- (b) The company must have articles of association approved by the Commissioner and registered under the Companies Ordinance, No. 51 of 1938.
- (c) Eighty-five per centum, at least, of the issued share capital of the company must be held by persons who are citizens of Ceylon.
- (d) The articles must not contain—
 - (i) any restriction of the right to transfer its shares, other than a restriction prohibiting or restricting the transfer to persons who are not citizens of Ceylon, or
 - (ii) any limitation of the number of its members, or
 - (iii) any prohibition of invitation to the public to subscribe for its shares or debentures.
- (e) The articles must not contain any restriction of the voting rights of members, other than a restriction of a description approved by regulations made in that behalf under this Act.
- (f) The objects of the company as stated in the memorandum must not include any object or purpose, other than the purpose of the provision of road transport services for passenger carriage and any other purpose reasonably connected with or incidental to the business of providing such services.

(2) Where regulations are made in that behalf, no purpose other than a purpose specified in that behalf in such regulations, shall be deemed to be, within the meaning of paragraph (f) of subsection (1), a purpose reasonably connected with or incidental to the business of providing road transport services for passenger carriage.

Government
may acquire
shares in
companies.

68. (1) The Minister may, from time to time but after the prescribed date, with the concurrence of the Minister of Finance, direct the Secretary to the Treasury to acquire on behalf of the Government any shares in any company which is the holder of a stage carriage permit authorising the provision of a regular omnibus service, so however that the total value of all the shares in any one company which may be acquired under the authority of this section shall not exceed forty-five per centum of the issued share capital for the time being of the company.

(2) Payment for any shares acquired under the authority of any direction under sub-section (1) shall be made out of moneys provided by Parliament for the purpose.

(3) In any case where necessary arrangements cannot be made by agreement between the Secretary to the Treasury and a company and its shareholders, or both, for the transfer to him of all or any of the shares in that company which are proposed to be acquired under the authority of a direction under section 68, it shall be lawful for the Minister, for the purpose of securing that the requisite number of shares is compulsorily acquired, to make order declaring that such shares as are specified in the Order shall vest in the Secretary to the Treasury.

In determining which of the shares in a company are to be specified in an Order under this sub-section, the Minister shall have regard to the following conditions :—

- (a) that shares held by persons who are not citizens of Ceylon should be compulsorily acquired in priority to shares held by citizens of Ceylon ; and
- (b) that, subject to such exceptions as may be prescribed and to the foregoing condition (a), shares are compulsorily acquired *pro rata* according to the number of shares held by the existing shareholders.

(4) Where an Order under sub-section (3) is made in respect of any shares in a company, then, notwithstanding that a proper instrument of transfer is not delivered to the company in respect of such shares, it shall be the duty of the company, if required so to do by the Secretary to the Treasury and upon production of the Order, to register him as shareholder in respect of those shares.

Purchase price
for shares
acquired.

69. (1) The amount of the price to be paid for any shares acquired under section 68 shall be determined by agreement with the company or the shareholder, as the case may be, or, in the absence of such agreement, by arbitration as hereinafter provided.

(2) Where the value of any shares is to be determined by arbitration, the arbitration shall be conducted—

- (a) by a single arbitrator nominated by agreement between the Secretary to the Treasury and the company ; or
- (b) in default of such agreement, by two arbitrators nominated respectively by the Secretary to the Treasury and the company.

(3) Where in any case referred to in paragraph (b) of sub-section (2) there is a difference of opinion among the two arbitrators in respect of any matter, the matter shall be referred for decision to an umpire chosen by them, or if they are unable to agree as to the choice of an umpire, by an umpire appointed for the purpose by the District Court of Colombo on application made by any party to the arbitration proceedings.

No stamp duty shall be payable in respect of any application under this sub-section.

Each party shall be liable to pay in equal shares the amount of the fee payable to an umpire chosen or appointed under this sub-section.

(4) The decision of a single arbitrator, or where there are two arbitrators their agreed decision, or in any case referred to in sub-section (3) the decision of an umpire, shall be final and conclusive for the purpose of this section, and shall be binding on the company and on every shareholder whose shares are acquired.

(5) Regulations may be made in respect of all matters relating to or connected with the conduct of proceedings upon arbitration under this section.

70. (1) Where any shares are acquired under section 68 (whether or not an Order under that section has been made in respect of them), the Secretary to the Treasury, under the title "the Secretary to the Treasury on behalf of the Government of Ceylon ", shall be registered as a member of the company and the necessary share certificates

Registration
of Secretary to
the Treasury as
member of
company, &c.

shall be issued to him under that title; and he or any public officer authorised by him in that behalf shall be entitled to be present and to speak at any meeting of the members of the company, and to exercise, in respect of the shares held by him on behalf of the Government, the same rights to vote as would have been exercisable if the shares were held by an ordinary shareholder.

(2) Notwithstanding that the Secretary to the Treasury is registered as hereinbefore provided as a member of any company, he shall not be eligible for election or appointment as a director of the company.

(3) So long as the nominal value of the shares which are held in any company on behalf of the Government is not less than twenty-five per centum of the issued share capital for the time being of the company, the Secretary to the Treasury or any public officer authorised by him in writing in that behalf shall be entitled to be present and to speak but not to vote at any meeting of the directors of the company.

(4) The amount of all dividends payable upon any shares which are, as hereinbefore provided, held by the Secretary to the Treasury on behalf of the Government, shall be credited to the Consolidated Fund.

(5) (a) Where any local authority is empowered, by or under any other written law under which it is constituted, to invest any part of its funds in the shares of any company which is the holder of a stage carriage permit authorising the provision of a regular omnibus service, that local authority may make a request to the Minister that any shares in that company which are held on behalf of the Government be transferred to that authority, or that any such shares shall be acquired under the preceding provisions of this Part and transferred to that authority.

(b) The number and value of any shares which may be transferred to a local authority under paragraph (a) of this sub-section shall be determined by the Minister in his discretion, having regard to the extent and value of the business carried on by the company under the authority of any stage carriage permit in the area within the administrative limits of that local authority, so however that unless the Minister otherwise determines the nominal value of the shares so

transferred shall not exceed twenty-two and one half per centum of the issued share capital for the time being of the company.

(c) Any shares in any company which are transferred under this sub-section to a local authority shall, for the purposes only of sub-section (3) of this section and notwithstanding the transfer, be deemed to be shares held on behalf of the Government.

71. The provisions of sections 68 to 70 shall have effect notwithstanding anything to the contrary in any written law relating to companies or in the memorandum or articles of association of a company.

Sections 68
to 70 to prevail
over company
law.

72. (1) The Minister may require the Commissioner to prepare and present a Scheme—

- (a) for the amalgamation of any or all of the companies which are authorised under this Act to provide omnibus services in any area or on any routes specified by the Minister ; or
- (b) for the transfer to any one of such companies of the business previously authorised under this Act to be carried on by any other such company or companies in any area or on any routes so specified ; or
- (c) for the formation of a new company, and the transfer to it of the business previously authorised under this Act to be carried on by any other company or companies in any area or on any routes so specified.

Scheme for
amalgamation
of companies
or transfer of
business.

In this sub-section, "authorised" means authorised by a stage carriage permit or two or more such permits.

(2) For the purposes of the preparation of any Scheme referred to in sub-section (1), the Commissioner—

- (a) shall hold such inquiries as may be necessary in consultation with the companies concerned ;
- (b) may require any company concerned to furnish to the Commissioner such particulars and other information as he may consider necessary relating to its shares and debentures, its assets and liabilities,

and generally to the business carried on under the authority of stage carriage permits, and to produce for examination books or documents containing such particulars or information ; and

(c) shall refer to arbitration any dispute between any such companies upon any question relating to the value of shares, assets or liabilities, or to the value of any business which is to be transferred under the proposed Scheme, or to the number of shares in any existing or amalgamated or new company which are to be allotted under the proposed Scheme.

(3) In any Scheme prepared under this section, the Commissioner shall have regard to and be bound by the decision given upon any dispute referred for arbitration as hereinbefore provided.

(4) Where any Scheme prepared by the Commissioner under this section is approved by the Minister, the Minister may by notice direct each company concerned, before such date as may be specified in the notice, to take all such steps as are necessary to carry out the Scheme ; and where any such company fails to comply with the notice before the date so specified or within such extended time as the Minister may allow, the Minister may in his discretion by Order declare that the company is in default for the purposes of sub-section (5).

(5) Where by reason of an Order made under sub-section (4) any company is in default for the purposes of this sub-section, then, notwithstanding anything in section 50, every stage carriage permit previously granted to that company shall, according as the Minister may in his discretion determine, either cease to be in force on a date to be fixed by the Minister or be altered by the Commissioner by the attachment thereto of a condition that no passenger is both picked up and set down in the area or on the routes to which the Scheme relates.

Every determination of the Minister under the preceding provisions of this sub-section shall be final and shall not be subject to an appeal ; and accordingly no appeal shall lie against the attachment to any permit of the condition referred to in the preceding provisions of this sub-section.

(6) (a) Any dispute required by sub-section (2) of this section to be referred to arbitration shall be so referred by the Commissioner to a single arbitrator appointed by him, or where any party to the dispute so requires to three persons so appointed. Where three persons are so appointed, they shall constitute a Board of Arbitration and one of such persons designated by the Commissioner shall be the Chairman of the Board.

(b) In the event of any difference of opinion among the members of the Board of Arbitration the decision of the majority shall be the decision of the Board.

(c) Regulations may be made—

- (i) in respect of all matters relating to or connected with the conduct of proceedings upon arbitration under this section; and
- (ii) providing for the payment of fees to persons appointed under this section as arbitrators or as members of the Board of Arbitration.

HIRING CAR SERVICES

73. (1) No hiring car shall, on or after the appointed date, be used for the carriage of passengers for fee or reward at separate fares except under the authority of a stage carriage permit for a regular hiring car service granted by the Commissioner under this Part and for the time being in force.

Permits
required for
carriage of
passengers in
hiring cars at
separate fares.

(2) For the purposes of sub-section (1), where persons are carried in a hiring car for any journey in consideration of separate payments made by them, whether to the owner of the hiring car or to any other person, the hiring car shall be deemed to be used for the carriage of passengers for fee or reward at separate fares, whether the payments are solely in respect of the journey or not.

(3) The provisions of sections 47 to 64 relating to regular services shall apply *mutatis mutandis* in all respects in relation to applications for and the grant of stage carriage permits for regular hiring car services and to any permit so granted; and for the purposes of such application every reference in any of the aforesaid provisions to an omnibus or a regular service shall be deemed to include a reference to a hiring car or a regular hiring car service, as the case may be:

Provided, however, that regulations may be made modifying the provisions of any of the aforesaid sections in their application in relation to any of the matters aforesaid or declaring that any such provision shall not have effect in relation thereto.

PRIVATE COACH PERMITS

Permits required for private coaches.

74. (1) No private coach shall, on or after the appointed date, be used on any highway except under the authority of a private coach permit granted by the Commissioner under this Part and for the time being in force.

(2) The provisions of sub-section (1) shall not apply to any private coach which is used by any dealer on any highway if, but only if, it is so used under and in accordance with a dealer's licence issued under Part III.

(3) Every application for a private coach permit shall be made to the Commissioner in such form as he may provide for the purpose and may be granted or refused in his discretion. The determination of the Commissioner upon any such application, or in respect of any matter for which provision is made in sections 75 to 77 or in any regulation made under section 78, shall be final and conclusive.

Authorised carriage under private coach permits.

75. (1) A private coach permit granted under this Part shall entitle the holder thereof to use each private coach specified in the permit for the carriage of persons and their personal luggage, otherwise than for fee or reward, for any purpose specified in the permit and in accordance with the conditions attached thereto.

(2) Regulations may be made declaring that any payment, made by a person of any prescribed description of persons and in the prescribed circumstances, in respect of the carriage of that person in a private coach shall be for the purposes of sub-section (1) an exempted payment; and any such regulation may make different provisions with respect to private coaches used by persons of different descriptions or for different purposes.

A person shall not be deemed for the purposes of sub-section (1) to be carried on any private coach for fee or reward by reason only that he makes or has made in respect of such carriage any payment so declared to be an exempted payment.

Specification
of private coach
in permit.

76. (1) The Commissioner shall, at the time of the grant of a private coach permit, specify therein, by reference to its distinctive number and such other particulars as he may consider necessary, each private coach the use of which is authorised by the permit :

Provided, however, that in the case of a coach that has not been registered at the time of the grant of the permit, the Commissioner may specify that coach by reference to such particulars as are available, and shall in any such case enter in the permit the distinctive number and other necessary particulars prior to the issue under Part III of a revenue licence for that coach.

(2) No private coach permit shall be granted to any person authorising the use of any private coach unless that person is the registered owner of that coach, or in a case referred to in the proviso to sub-section (1), the Commissioner is satisfied that such person intends to be registered as the owner of that coach.

77. A private coach permit shall not be granted except—

- (a) to a person for the time being in charge of a school, in order to authorise the carriage of students of the school and of persons employed on the staff thereof; or
- (b) to an airways undertaking, in order to authorise the carriage to and from airports of aircraft passengers and of persons employed in the undertaking; or
- (c) to any employer, (including a department of Government or other public or local authority), in order to authorise the carriage of persons employed by or under the employer; or

PART V

GOODS CARRIAGE PERMITS

Permits required for lorries.

79. (1) No lorry shall, on or after the appointed date, be used on any highway except under the authority of a permit granted by the Commissioner under this Part and for the time being in force.

(2) The provisions of sub-section (1) shall not apply to any lorry which is used by any dealer on any highway, if, but only if, it is so used under and in accordance with a dealer's licence issued under Part III.

(3) The provisions of sub-section (1) shall not apply to any trailer with a pay load not exceeding 10 hundredweight, if, but only if, it is being drawn by a private car and is being used for the carriage of goods authorised by section 180 or by regulations made under sub-section (4) of that section to be carried on a private car.

Classes of goods carriage permits.

80. A permit authorising the use of a lorry shall be of one of the following classes, that is to say:—

- (a) a public carrier's permit; and
- (b) a private carrier's permit.

Authorised goods carriage.

81. (1) A public carrier's permit shall entitle the holder thereof to use the lorries specified in the permit (hereinafter referred to as "the authorised lorries")—

- (a) for the carriage of goods for fee or reward, and
- (b) for the carriage of goods for or in connection with his business as a carrier of goods, whether by road transport or any other means of transport, and for such storage or warehousing of goods as may be incidental to his business as a carrier; and

(c) in the case of a permit held by a person carrying on a canal, dock or harbour undertaking, for the carriage of goods for or in connection with that undertaking.

(2) A private carrier's permit shall entitle the holder thereof to use the lorries specified in the permit (hereinafter referred to as "the authorised lorries") for the carriage of goods, otherwise than for fee or reward—

- (a) for or in connection with any trade or business carried on by him and specified in the permit ; or
- (b) for any other purpose so specified.

(3) The carriage of goods, by a person engaged in any trade or business, in any case mentioned in any of the following paragraphs shall not be deemed to be carriage for fee or reward :—

- (a) the delivery or collection, by that person, of goods sold, used or let on hire or hire-purchase in the course of that trade or business ;
- (b) the delivery or collection, by that person of goods which have been, or are to be, subjected to a process of treatment or manufacture in the course of that trade or business ;
- (c) where that trade or business is that of a manufacturer, agent or dealer in any goods, the carriage of goods for demonstration purposes in a lorry ;
- (d) where that person is a manufacturer of motor vehicles, the carriage of goods by him under and in accordance with regulations made in that behalf ;
- (e) where that person is engaged in agriculture in any locality, the carriage by him of goods for or in connection with the business of agriculture carried on by any other person in the same locality ;

and accordingly a private carrier's permit shall be sufficient to authorise any such carriage by that person.

(4) For the purposes of this Part of this Act, the performance of its functions by any department of Government, or a local authority, or any prescribed public authority, shall be deemed to be the carrying on of a trade or business.

**Specification
of authorised
lorries in
permits.**

82. (1) The Commissioner shall, at the time of the grant of a permit under this Part, specify therein, by reference to its distinctive number and such other particulars as he may consider necessary, each lorry the use of which is authorised by the permit :

Provided, however, that in the case of a lorry which has not been registered under Part I at the time of the grant of the permit, the Commissioner may specify that lorry by reference to such particulars as are available, and shall in any such case enter in the permit the distinctive number and other necessary particulars prior to the issue under Part III of a revenue licence for that lorry.

(2) No lorry shall be or be capable of being specified as an authorised lorry—

(a) in any permit, unless the holder of the permit is the registered owner of that lorry, or in a case referred to in the proviso to sub-section (1), the Commissioner is satisfied that the holder intends to be registered as the owner of the lorry ; or

(b) in any permit, other than a short-term permit, if that lorry is already specified as an authorised lorry in any other permit, other than a short-term permit granted under this Part whether to the same or a different person.

**Restriction of
use of
authorised
lorries.**

83. (1) No lorry which is for the time being specified as an authorised lorry in any public carrier's permit shall be used for the carriage of goods for any purpose other than a purpose mentioned in sub-section (1) of section 81.

(2) Subject as hereinafter provided, no lorry which is for the time being specified as an authorised lorry in any private carrier's permit shall be used for the carriage of goods for fee or reward :

Provided, however, that the Commissioner may, in any case of emergency and subject to such conditions as he may consider necessary, authorise the holder of a private carrier's permit to use an authorised lorry for the carriage of goods for any other person to whom he lets the lorry, if the Commissioner is satisfied that the requirements of such other person cannot be conveniently met from other sources.

84. (1) Subject to the provisions of section 85, the period (hereinafter referred to as "the currency period") for which a permit under this Part shall be in force shall—

Duration
of permits.

- (a) in the case of a public carrier's permit, be the period of two years from the date on which it is expressed to come into force ; and
- (b) in the case of a private carrier's permit, be the period of three years from the date on which it is expressed to come into force :

Provided, however, that in the case of the first grant to an applicant of a permit under this Part the permit may, if the Commissioner considers it expedient for the purposes of administrative convenience, be expressed to be in force for a period exceeding or falling short of the currency period by not more than six months ; and different periods may be so specified in the case of such permits granted to different applicants.

(2) In any case where before the expiration of a permit under this Part, other than a short-term permit referred to in section 85, the holder thereof applies for a permit authorising the use of lorries for substantially the same purposes as those authorised by the existing permit, the existing permit shall continue in force until the application is finally disposed of, without prejudice, however, to the exercise in the meantime of the powers conferred by section 94.

85. (1) With a view to enabling lorries to be used temporarily—

Short-term
permits.

- (a) for the purposes of a seasonal business ;
- (b) for the purposes of the execution of a particular piece of work ; or
- (c) for any other purpose of limited duration,

the Commissioner may grant a short-term permit under this Part of any class for any period not exceeding three months.

(2) Where an application for a permit under this Part for the currency period is made for the first time under this Act by any person, the Commissioner, if for administrative reasons he deems it desirable so to do, may, pending the determination of the application grant to the applicant—

- (a) in the case of an application for a public carrier's permit, a short-term permit

under this Part expressed to be in force for any period not exceeding twelve months ; and

- (b) in the case of an application for a private carrier's permit, a short-term permit under this Part expressed to be in force for any period not exceeding three months.

Any short-term permit granted under this sub-section shall cease to be in force on the date on which the permit granted to the applicant for the currency period is expressed to come into force.

**Applications
for permits.**

86. (1) Every application for a permit under this Part shall be made to the Commissioner.

(2) Every application for a permit under this Part for the currency period shall be made not less than three months before the date on which the applicant requires the permit to come into force.

(3) Every applicant for a permit under this Part shall submit, together with his application, a statement in such form as the Commissioner may provide for the purpose—

- (a) containing such particulars as may be prescribed as respects the lorries proposed to be used under the permit ;
- (b) furnishing particulars of the area (hereinafter referred to as "the proposed area of operation") in which it is proposed to carry goods under the authority of the permit ;
- (c) specifying the place or places, if any, outside the proposed area of operation, between or from or to which it is proposed to carry goods under the authority of the permit and the route or routes to be used for such carriage ; and
- (d) in the case of an application for a public carrier's permit, specifying the facilities for the transport of goods intended to be provided for other persons under the authority of the permit.

(4) Every applicant for a permit under this Part shall furnish such other information as the Commissioner may reasonably require for the purposes of the consideration of the application and, in particular, an applicant for a public carrier's

permit shall, if so required, submit in such form as the Commissioner may provide for the purpose—

- (a) such particulars as may be so required with respect to any business as a carrier of goods for fee or reward carried on by the applicant at any time before the making of the application and of the rates charged by him ;
- (b) particulars of any agreement or arrangement, affecting in any material respect the provision, within the proposed area of operation, of facilities for the transport of goods for fee or reward, entered into by the applicant with any other person by whom such facilities are provided, whether within or without the area ;
- (c) particulars of any financial interest (whether as a partner or as a shareholder or as a result of any loan, guarantee or other financial transaction) which any other person providing facilities for the transport of goods for fee or reward, or controlling (either solely or in conjunction with any other person) the business of any person who provides such facilities, has in the business of the applicant, and in the case of an applicant being a company, of any right which any such person as aforesaid has to nominate any director of the company.

87. (1) This section shall apply to every application—

- (a) for the grant of a public carrier's permit under this Part, not being a short-term permit ; or
- (b) for the variation of any such permit by a direction that additional lorries shall be specified therein or that the maximum number of lorries so specified shall be increased ; or
- (c) for the modification or rescission of any condition specified in any such permit or the addition thereto of any new condition :

Special provisions applicable to certain applications.

Provided, however, that this section shall not apply—

(i) to any application for a permit to expire not later than an existing permit under which lorries to which the application relates are authorised to be used for the purposes of a business which the applicant has acquired or intends to acquire; or

(ii) to any application as respects which the Commissioner is of opinion that, having regard to its trivial character, it is not necessary that any opportunity should be given for objections.

(2) The Commissioner shall publish in the prescribed manner notice of every application to which this section applies and shall specify in such notice the time within which, and the manner in which objections may be made against the grant of the application.

(3) In the case of any application to which this section applies, any person already providing transport facilities, whether by means of road transport or any other means of transport, for the carriage of goods for fee or reward in the area or any part of the area or between any places which the applicant intends to serve under the authority of the permit applied for, may, on payment of the prescribed fee, make objection against the grant of the application on the ground that suitable transport facilities in that area or part or between those places are or, if the application were granted, would be, either generally or in respect of any particular type of lorries, in excess of requirements, or on the ground that any of the conditions of any permit held by the applicant has not been complied with.

An objection may be made under this sub-section on behalf of the railway by the General Manager of Railways or any other officer of his Department authorised by him for the purpose; no fee shall be payable in respect of any such objection.

(4) It shall be the duty of the Commissioner to hold a public hearing into every application to which this section applies and into all objections duly made by persons entitled under sub-section (3) to make objections in respect of the application.

(5) Where, on an application for the grant of a Permit under this Part, the Commissioner proposes to grant the application in respect of lorries areas or routes other than those of which particulars were contained in the application, the Commissioner shall publish notice of that proposal in like manner as though it were an application to which this section applies; and thereupon the provisions of this section with respect to the making and considering of objections and the holding of a public inquiry shall apply accordingly:

Provided, however, that nothing in the preceding provisions of this sub-section shall apply if the Commissioner certifies that he is satisfied that the total pay load of the lorries proposed by the Commissioner to be authorised will not be materially greater than that of the lorries specified in the application.

88. (1) Where any two places are conveniently connected by railway, and the shortest distance by road between those places is not less than sixty miles, then, save as otherwise provided in section 89, no permit shall be granted—

Regulation of
carriage by
road between
places connec-
ted by railway.

- (a) authorising the carriage between those places; or
- (b) authorising any carriage involving or necessitating the through carriage between those places,

of goods by lorry or by a succession of lorries.

(2) For the purposes of sub-section (1), any two places shall be deemed to be conveniently connected by railway if—

- (a) each of such places is situated *either*
 - (i) within the limits of a municipal town within which there is a railway station, *or* (ii) within a distance by road of not more than three miles from a railway station; and
- (b) the railway route between the two railway stations does not exceed one and one half times the shortest distance by road between the two places in a case where there is no break of gauge in the railway connection, or does not exceed the shortest distance by road in a case where there is any such break of gauge.

**Grant of
permits for
long-distance
carriage.**

(3) For the purposes of this section, the expression "distance by road" means the distance measured along any highway or highways on which the use of lorries is not prohibited under this Act.

89. (1) Notwithstanding the provisions of section 88, a permit authorising any carriage of the description mentioned in that section (hereinafter referred to as "regulated long-distance carriage") may be granted—

- (a) in exceptional circumstances, on the ground that the Commissioner considers it expedient to grant a permit for the carriage of fresh fish, fresh fruit, fresh vegetables or other perishable or fragile articles, having regard to the delay and risk involved in, and the other disadvantages of, the carriage of such articles by railway; or
- (b) on the ground that the applicant for the permit is a person who, immediately prior to December 31, 1949, was the holder of a licence or licences authorising the use of a lorry or lorries for substantially the same purposes and in substantially the same area of operation as the purposes and the area, respectively, to which his application relates, so, however, that the permit which may be granted in any such case shall only authorise the use of the same lorry or lorries or other lorries of the same total pay-load; or
- (c) in exceptional circumstances, on the ground of strong economic justification; or
- (d) on the ground that the lorries are owned by the Government or any prescribed public authority.

(2) No permit authorising regulated long-distance carriage which is granted on the ground specified in paragraph (b) of sub-section (1) shall be expressed to be in force after December 31, 1955; and the provisions of this sub-section shall have effect notwithstanding anything in section 84.

(3) In any case where—

- (a) any person is, by permits granted on the ground specified in paragraph (b) of sub-section (1), authorised to perform regulated long-distance carriage during

the whole of the period commencing on the appointed date and ending on December 31, 1955 ; and

- (b) an application made by that person for a permit authorising regulated long-distance carriage by him during the currency period commencing on January 1, 1956, is refused,

that person shall be entitled to compensation for loss of business, in such circumstances and subject to such conditions and restrictions and of such an amount as may be prescribed by regulations made in that behalf ; and the payment of all sums due by way of such compensation is hereby charged on the Consolidated Fund.

(4) No permit authorising regulated long-distance carriage shall be granted on the ground of strong economic justification, unless the Commissioner is satisfied—

- (a) that the grant of the permit will result in substantial and justifiable economy of time and cost to the prospective consignors or consignees ; and
- (b) that, after carefully weighing the total potential loss to the railway (having regard to the likely number of other cases in which permits will have to be granted on similar grounds), against the advantages of the carriage by road of the goods proposed to be carried by the applicant, it is expedient in the public interest to grant the permit.

(5) Nothing in section 88 shall be deemed or construed in any case to prohibit the grant of a permit authorising regulated long-distance carriage in any case where the permit is required by any applicant to authorise any carriage of any description set out hereunder :—

- (a) the carriage of liquids in bulk in a tank permanently fixed to a lorry, or in a tank not so fixed the capacity of which is at least five hundred gallons ;
- (b) the carriage of goods of a special character which, under any written law specifically relating thereto, may only be carried in a vehicle constructed or adapted so as to comply with that law and which are being so carried ;

- (c) the carriage consisting of an ordinary furniture removal;
- (d) the carriage of meat;
- (e) the carriage of livestock;
- (f) the carriage of felled timber on a lorry specially constructed for the purposes of such carriage;
- (g) any carriage only in a lorry specially constructed to carry abnormal indivisible loads, and the carriage, in a lorry in which no other goods are being carried for fee or reward, of apparatus or equipment ancillary to the operation, for the purposes of the carriage of such loads, of such a specially constructed lorry; or
- (h) the carriage of goods in a vehicle with a payload not exceeding fifteen hundred-weight.

(6) Nothing in section 88 shall be deemed or construed to prohibit the grant, to the holder of a private carrier's permit, of a short-term permit authorising regulated long distance carriage in any case where the Commissioner is satisfied that such short-term permit is required on any particular occasion for any purpose of a prescribed description.

**Discretion as to
grant or refusal
of permits.**

90. (1) Subject to the provisions of sections 88 and 89, the Commissioner shall have full power and discretion to make a determination either to grant or refuse an application for a permit under this Part or to grant a permit in respect of lorries or areas or routes other than those of which particulars were contained in the application, or in respect of lorries less in number than, or differing in type from, those for the use of which authorisation was applied for:

Provided, however, that except in a case to which section 88 or section 89 applies, the Commissioner shall not refuse an application for a private carrier's permit, unless he has reason to believe that the applicant does not *bona fide* require the use of any lorry, in the area or on the routes specified in his application, for the purposes of any trade or business carried on by him or for any other purpose of a private character.

(2) The Commissioner in exercising the discretion in regard to the grant or refusal of permits under this

Part shall have regard primarily to the interests of the public generally, including those of persons requiring, as well as those of persons providing, facilities for transport of goods; and shall, as far as may be, be guided by the following considerations of policy, that is to say:—

- (a) that, while due regard must be had to the advantages afforded by road transport in the case of short distance carriage, it is in the interests of the public generally that the railway be kept worked at or as near capacity as possible from traffic available for transport;
- (b) that, wherever any transportation facilities (including facilities provided by the railway) in any area or over any route are, in the opinion of the Commissioner, satisfactory and efficient to meet at reasonable charge the transportation requirements of the public within that area or along that route, it is undesirable to grant permits under this Part authorising the carriage of goods within substantially the same area or along substantially the same route in competition with the said transportation facilities.

(3) The Commissioner in exercising the discretion in regard to the grant or refusal of permits under this Part shall have regard in the case of an application for a public carrier's permit—

- (a) where the applicant is the holder of an existing permit of the same class, to the extent to which he is authorised to use lorries thereunder for the carriage of goods for fee or reward;
- (b) to the previous conduct of the applicant in the capacity of a carrier of goods;
- (c) to the number and type of lorries proposed to be used under the permit;
- (d) in determining the number of lorries to be authorised to the need for providing for occasions when lorries are withdrawn from service for overhaul or repair;
- (e) to any representations which may be made by any local authority or by any other person interested.

Conditions attached to permits.

91. (1) It shall be a condition of every permit under this Part—

- (a) that every authorised lorry shall be maintained at all times in a fit and serviceable condition ;
- (b) that the requirements of any written law with respect to the time for which drivers of lorries may remain continuously on duty and to their hours of work or rest and to their wages are complied with in the case of the drivers of the authorised lorries ;
- (c) that the provisions of any written law with respect to speed limits, tare, laden weight and the loading of lorries are complied with in relation to the authorised lorries ; and
- (d) that the provisions of any regulations made under this Part relating to the keeping of records, the carriage of documents, and the production and inspection of such records and documents, are complied with.

(2) The Commissioner may attach to any permit under this Part all such conditions he may think fit to impose in the public interest and with a view to preventing uneconomic competition, including conditions requiring—

- (a) that the authorised lorries shall be used only in such area or between such places as may be specified in the permit ;
- (b) that the authorised lorries shall not be used in such area or between such places as may be specified in the permit ;
- (c) that the goods carried in the authorised lorries shall be restricted to such classes or descriptions of goods as may be specified in the permit ;
- (d) that such classes or descriptions of goods as may be specified in the permit shall not be carried in the authorised lorries ;
- (e) that goods shall be carried in the authorised lorries only for such persons as may be specified in the permit ;
- (f) that the charges to be made for the carriage of goods shall not exceed or be less than such maximum or minimum charges respectively as may be specified in the permit ;

- (g) that the maximum laden weight of any authorised lorry shall not exceed such weight as may be specified in the permit;
- (h) that a speed-governor shall be fitted to any authorised lorry ; and
- (i) that the maximum payload to be carried in each authorised lorry shall not exceed such amount as may be specified in the permit.

92. The Commissioner may, (subject in any case to which section 87 applies, to the provisions of that section), upon application made to him in that behalf by the holder of a permit under this Part, or of his own motion, modify or rescind any condition attached to that permit under sub-section (2) of section 91, or attach any new condition thereto :

Provided, however, that except in a case where application in that behalf has been made by the holder of a permit, no condition shall be modified or rescinded and no new condition shall be attached except after giving the holder an opportunity to be heard.

93. (1) The Commissioner may, (subject in any case to which section 87 applies, to the provisions of that section), upon application made to him in that behalf by the holder of a permit under this Part, vary the permit—

- (a) by specifying additional lorries as authorised lorries ; or
- (b) by specifying in the permit, in substitution for an authorised lorry, a lorry of a greater payload.

(2) The Commissioner shall, upon application made to him in that behalf by the holder of a permit under this Part, vary the permit—

- (a) by striking out any authorised lorries specified therein ; or
- (b) by specifying in the permit, in substitution for an authorised lorry, a lorry of the same or lower payload.

(3) In any case where the Commissioner is satisfied—

- (a) that a lorry specified in any permit under this Part has ceased to be used under the authority of the permit for any reason other than a temporary fluctuation in business, or is specified in another permit ; or

Variation of conditions of permits.

Variation of permit in relation to authorised lorries.

(b) that for any other reason it is expedient so to do,

the Commissioner may, after giving the holder an opportunity to be heard, vary that permit by striking out the lorry therefrom.

Revocation or suspension of permits.

94. (1) Subject to the provisions of this section, the Commissioner may revoke any permit under this Part or suspend any such permit for any specified period, on the ground that any of the conditions attached to the permit has not been complied with.

(2) (a) The Commissioner shall not make a determination that a permit be revoked or suspended unless satisfied that such revocation or suspension is necessary by reason of the frequency of the breach of conditions, or of any breach having been committed wilfully or to the danger of the public; and in addition the Commissioner shall not make any determination to revoke or suspend any permit, not being a short-term permit, except after holding a public inquiry in any case where the holder of the permit requests that such an inquiry be held.

(b) Where the holder of a private carrier's permit is convicted twice or oftener of an offence by reason of the use of any authorised lorry for the carriage of goods for fee or reward, the Commissioner may revoke or suspend the permit; and nothing in paragraph (a) of this sub-section shall be deemed or construed to restrict the exercise of the power conferred by this paragraph or to require a public inquiry to be held before such power is exercised.

(3) In any case where it would be lawful for the Commissioner, in accordance with the preceding provisions of this section, to make a determination that a permit be revoked or suspended, the Commissioner may instead—

(a) direct that the permit be varied by striking out any one or more of the authorised lorries specified therein; or

(b) order him to pay a penalty of an amount not exceeding one thousand rupees, or, in the case of a continuing breach of a condition, not exceeding fifty rupees for each day on which the breach was so continued.

(4) The amount of any penalty so imposed shall when paid be credited to the Consolidated Fund.

(5) The provisions of this section shall not affect or prejudice the institution or maintenance in any case of a prosecution for any offence under this Act or any other written law.

95. (1) The holder of a permit under this Part shall not transfer or assign the permit to any other person.

(2) In the event of the death of the holder of a permit under this Part, the person having the custody of the authorised lorry or the majority of the authorised lorries, shall forthwith give notice of the death to the Commissioner; and if that person, within fourteen days of the death of the holder, makes application to the Commissioner for a new permit in substitution for the existing permit, that person shall be deemed for the purposes of this Act to be the holder of the existing permit during the period commencing on the date of the death and ending on the date of the grant or refusal of the application:

Provided, however, that no permit under this Part shall by reason of the preceding provisions of this sub-section be deemed to be in force at any time after the period for which the permit was granted.

(3) Where upon the death of the holder of a permit under this Part the application (referred to in sub-section (2)) for a new permit is made by a person to whom the business carried on by the deceased holder under the authority of his permit has passed by testamentary disposition or upon intestacy, that business shall for the purposes of paragraph (i) of the Proviso to section 87(1) be deemed to have been acquired by that person.

(4) In the event of the insolvency or bankruptcy of the holder of a permit under this Part, the assignee, liquidator or receiver of the estate of the insolvent or bankrupt shall, within seven days of the appointment, give notice thereof to the Commissioner, and shall be deemed for the purposes of this Part to be the holder of the permit.

96. (1) (a) The applicant, in the case of any application to which section 87 applies, or any person who has duly made objection under that section in respect of that application, if aggrieved by the determination of the Commissioner thereon, or

(b) the holder of a permit under this Part, not being a short-term permit, if aggrieved by the determination of the Commissioner to modify or rescind any condition attached thereto or to attach any new condition thereto, or

Provisions as to
transferability,
&c. of permits.

Right of appeal
against certain
determinations;
finality of
other
determinations,
&c.

(c) the holder of a permit under this Part, if aggrieved by the determination of the Commissioner to suspend or revoke the permit, or by an order made under section 94 (3) (b), or

(d) the applicant for a private carrier's permit (other than a short-term permit), if aggrieved by the determination of the Commissioner on the application,

shall have a right of appeal against the determination or order in accordance with the provisions in that behalf in Part X :

Provided, however, that except in a case referred to in paragraph (c) of this sub-section, such right of appeal shall be only on a question of law.

(2) Every determination of the Commissioner under this Part against which a right of appeal is conferred by sub-section (1) shall, if such right is not duly exercised, be final and conclusive.

(3) Every decision or determination of the Commissioner under this Part, against which a right of appeal is not conferred by sub-section (1), shall be final and conclusive.

(4) The finality of any decision or determination of the Commissioner shall not prejudice the power of the Commissioner, with the consent of the person or persons affected thereby, to correct any error therein which was due to inadvertence.

Notice of decisions, determinations, &c.

97. (1) Notice of every determination or decision of the Commissioner under this Part shall be given in the prescribed manner to every person to whom such notice is required by regulation to be given.

(2) Where any determination of the Commissioner does not set out the reasons therefor, any person who has under section 96 a right of appeal against that determination may, within seven days of the service on him of notice of the determination, request the Commissioner to furnish to him a statement of the reasons for the determination; and it shall be the duty of the Commissioner in any such case to furnish the statement so required.

Regulations.

98. (1) Regulations may be made with respect to all or any of the following matters :—

(a) the procedure on applications for, and the determination of questions in connection with the grant, variation, suspension and revocation of permits under this Part, the fees payable in respect of such applications and permits, and the

manner in which, whether in a lump sum or in instalments, such fees shall be payable;

- (b) the means by which authorised lorries are to be identified, whether by plates, marks, distinctive colours or otherwise;
- (c) the custody of permits under this Part, and their production, return and cancellation on expiration, suspension or revocation, and the custody, production and return of documents and plates;
- (d) the notification to the Commissioner of lorries which have ceased to be used under permits;
- (e) the records to be kept by holders of permits under this Part in relation to the persons employed by such holder as drivers of authorised lorries and to the times of the commencement and cessation of work by such persons and the intervals of rest taken by them, including records in relation to any such holder when acting as the driver of an authorised lorry;
- (f) the documents to be carried by drivers of authorised lorries and the particulars to be entered therein;
- (g) the records to be kept, showing as respects every journey of an authorised lorry, particulars of the journey, of the greatest weight of goods carried by the lorry at any one time during the period to which the records relate, and the description, points of loading and destination of the goods carried;
- (h) the preservation of records so kept, the inspection of such records by any authority specified in the regulation, and the production for the purposes of inspection of such records on demand made by any such authority;
- (i) the grant of exemptions either generally or in relation to particular persons or lorries from all or any of the requirements imposed by regulations made under paragraphs (e) to (h) and the circumstances in which and the conditions subject to which such exemptions may be granted.

PART VI

CROWN EDITION

Users of motor vehicles to be insured or secured against third-party risks.

Requirements as to policies of insurance.

INSURANCE AGAINST THIRD-PARTY RISKS

99. (1) Save as is otherwise provided in sub-section (2), no person shall use or drive, or cause or permit any other person to use or drive, a motor vehicle on a highway unless there is in force in relation to the use of the vehicle by that person or that other person, as the case may be, a policy of insurance, or a security, in respect of third-party risks, in conformity with the requirements of this Part.

(2) The provisions of sub-section (1) shall not apply in the case of a motor vehicle belonging to the Crown or a local authority at any time when the motor vehicle is being used or driven for the purposes of His Majesty's service or, as the case may be, by a servant of the local authority in the course of his employment.

100. (1) In order to conform to the requirements of this Part a policy of insurance in relation to the use of a motor vehicle must be a policy which—

(a) is issued by an insurer (hereinafter referred to as an "authorised insurer") who is authorised by the Minister of Commerce and Trade, subject to such conditions as may be prescribed to issue policies of insurance for the purposes of this Part; and

(b) insures, in accordance with the provisions of paragraph (c), such person, persons or classes of persons as may be specified in the policy in respect of any liability which may be incurred by him or them in respect of the death of or bodily injury to any person caused by or arising out of the use of the motor vehicle on a highway; and

(c) (i) in the case of a motor coach, or hiring car, covers any liability which is referred to in paragraph (b) and which may be incurred in respect of any one accident, up to an amount which shall not be less than twenty thousand rupees in respect of persons other than passengers, and up to an amount which shall not be less than two thousand rupees in respect of each passenger authorised to be carried therein;

- (ii) in the case of a lorry, covers any liability which is referred to in paragraph (b) and which may be incurred in respect of any one accident, up to an amount which shall not be less than twenty thousand rupees ; or
- (iii) in the case of any other motor vehicle covers any such liability which is referred to in paragraph (b) as may actually be incurred :

Provided that nothing in this sub-section shall be deemed to require any such policy to cover—

- (i) liability in respect of the death of any person in the employment of a person insured by the policy, or in respect of bodily injury sustained by any person so employed, where such death or injury arises out of and in the course of such employment ;
- (ii) except in the case of a motor vehicle in which passengers are carried for fee or reward or by reason of or in pursuance of a contract of employment, liability in respect of the death of or bodily injury to persons being carried in or upon or entering or getting on to or alighting from the vehicle at the time of the occurrence of the event out of which the claims arise ; or
- (iii) any contractual liability.

(2) The conditions prescribed for the purposes of paragraph (a) of sub-section (1) may include a condition requiring a deposit to be made by an insurer.

(3) Notwithstanding anything in any other law to the contrary, an insurer issuing a policy of insurance for the purposes of this Part shall be liable to indemnify the persons or classes of persons specified in the policy in respect of any liability which the policy purports to cover in the case of those persons or classes of persons.

(4) A policy of insurance shall be of no effect for the purposes of this Part unless and until there is issued by the insurer to the person by whom the policy is effected a certificate in the prescribed form containing such particulars of any conditions subject to which the policy is issued and of such other matters as may be prescribed.

(5) In this Part the expression "policy of insurance" includes a covering note.

Requirements
as to
securities.

101. (1) In order to conform to the requirements of this Part a security in relation to the use of a motor vehicle must—

(a) be given either by an authorised insurer or by some person or body of persons carrying on in Ceylon or in any other part of the British Commonwealth the business of giving such undertakings as are referred to in paragraph (b), and authorised by the Minister, subject to such conditions as may be prescribed, to give such security for the purposes of this Part ; and

(b) consist of any undertaking by the giver of the security, subject to any conditions specified therein, to make good, up to an amount prescribed by section 100 (1) (c), a policy of insurance relating to a motor vehicle of that class, any failure on the part of the owner of the motor vehicle or such other persons or classes of persons as may be specified in the security, duly to discharge any such liability, required by section 100 (1) to be covered by a policy of insurance, as may be incurred by him or them.

(2) The conditions prescribed for the purposes of paragraph (a) of sub-section (1) may include a condition requiring a deposit to be made by any person or body of persons desiring to be authorised to give security for the purposes of this Part.

(3) A security shall be of no effect for the purposes of this Part unless and until there is issued, by the person or body of persons giving the security to the person to whom it is given, a certificate in the prescribed form and containing such particulars of any conditions subject to which the security is issued and of such other matters as may be prescribed.

Certain
conditions in
policies or
securities to be
of no effect.

102. (1) Where a certificate of insurance has been issued in connexion with a policy of insurance, so much of the policy as purports to restrict, or attach conditions, to the insurance of any person insured thereby shall, save as is otherwise provided in sub-section (4), be of no effect as respects any such liability as is required to be covered by section 100 (1) (b).

(2) Any condition in a policy of insurance effected for the purposes of this Part, providing that no liability shall arise under the policy, or that any liability so arising shall cease, in the event of some specified thing being done or omitted to be done after the happening of the event giving rise to a claim under the policy, shall be of no effect in connexion with any claims in respect of any liability mentioned in section 100 (1) (b).

(3) Nothing in sub-section (1) or sub-section (2) shall be deemed to render void any provision in a policy of insurance requiring the person insured to repay to the insurer any sums which the insurer may have become liable to pay under the policy and which have been applied to the satisfaction of the claims of third parties.

(4) Nothing in sub-section (1) shall apply in the case of any condition in a policy of insurance, being a condition which—

(a) excludes the use of the motor vehicle to which the policy relates—

- (i) for business purposes, except by the insured, or by some other named individual, in person ;
- (ii) for business purposes, other than the business purposes of the insured ;
- (iii) for the carriage of goods or samples in connexion with any trade or business ;
- (iv) for the carriage of persons or goods for fee or reward ;
- (v) for organised racing or speed testing ;
- (vi) on a contract of letting and hiring ;

(b) provides that the motor vehicle shall not be driven by a person other than—

- (i) the insured or any person driving with his express or implied permission ;
- (ii) the insured or any person employed by him ;
- (iii) any person or persons named in the policy ;

(c) provides that the motor vehicle shall not be driven by—

- (i) any person or persons named in the policy ;

(ii) any person who is not the holder of a driving licence;

(iii) any person whose driving licence has been cancelled or suspended or who is for the time being disqualified for obtaining a driving licence; or

(d) in the case of a motor cycle which has no side car attached thereto, provides that no person other than the driver shall be carried thereon;

(e) excludes liability for injury caused or contributed to by conditions of war, riot or civil commotion.

(5) Where a person, who has completed eighteen years of age, drives any motor vehicle in accordance with the conditions set out in section 123 (2) for the purpose of learning to drive a motor vehicle, no condition inserted under paragraph (c) (ii) of sub-section (4) in the policy of insurance relating to that vehicle shall be of any effect as respects any such liability, as is required to be covered by section 100 (1) (b), and as may be incurred while the motor vehicle is driven by that person.

103. Every applicant for a revenue licence for a motor vehicle other than a motor vehicle belonging to the Crown or a local authority, shall produce to the licensing authority a certificate of insurance or a certificate of security, as the case may be, to prove that on the date on which the licence is to come into operation there will be in force the necessary policy of insurance or the necessary security in relation to the use of the motor vehicle by the applicant or by other persons on his order or with his permission.

104. (1) The driver of any motor vehicle on a highway shall, on being required so to do by any police officer, give his name and address and the name and address of the owner of the vehicle, and produce for inspection the certificate of insurance or of security issued in respect of that vehicle:

Provided, however, that no person shall be deemed to have contravened the provisions of this sub-section by reason only of the failure to produce such certificate, if before the expiry of a period of five days from the date on which the production of the certificate was so required, he delivers the certificate in person for inspection at such police station as may have been specified by him on that date.

(2) The owner of a motor vehicle shall give such information as may be required by a police officer for the purpose of determining whether or not the vehicle was being driven in contravention of section 99 on any occasion when the driver was required under sub-section (1) to produce the certificate.

105. (1) If after a certificate of insurance has been issued under section 100 (4) to the persons by whom a policy has been effected, a decree in respect of any such liability as is required by section 100 (1) (b) to be covered by a policy of insurance (being a liability covered by the terms of the policy) is obtained against any person insured by the policy, then notwithstanding that the insurer may be entitled to avoid or cancel, or may have avoided or cancelled, the policy, the insurer shall, subject to the provisions of sections 106 to 109, pay to the persons entitled to the benefit of the decree any sum payable thereunder in respect of that liability, including any amount payable in respect of costs and any sum payable in respect of interest on that sum under such decree.

(2) In this section, "liability covered by the terms of the policy" means a liability which is covered by the policy or which would be so covered but for the fact that the insurer is entitled to avoid or cancel, or has avoided or cancelled, the policy.

106. No sum shall be payable by an insurer under the provisions of section 105—

- (a) in respect of any decree, unless before or within seven days after the commencement of the action in which the decree was entered, notice of the action had been given to the insurer by a party to the action ; or
- (b) in respect of any decree, so long as execution thereof is stayed pending appeal.

107. No sum shall be payable by an insurer under the provisions of section 105 in connexion with any liability, if before the happening of the event which was the cause of the death or bodily injury giving rise to the liability, the policy was cancelled by mutual consent or by virtue of any provision contained therein and either—

- (a) before the happening of the said event the certificate of insurance was surrendered to the insurer, or an affidavit

stating that the certificate had been lost or destroyed, was made and delivered to the insurer by the person to whom the certificate was issued ; or

- (b) after the happening of the said event but before the expiration of a period of fourteen days from the taking effect of the cancellation of the policy, the certificate was surrendered to the insurer or an affidavit was made and delivered to the insurer by the person to whom the certificate was issued ; or
- (c) either before or after the happening of the said event, but within the said period of fourteen days, the insurer has commenced proceedings under this Part in respect of the failure to surrender the certificate.

Declaration of non-liability for misrepresentation, &c.

108. (1) No sum shall be payable by an insurer under section 105 if, in any proceedings commenced before or within three months after the institution of the action in which the decree was entered, he has obtained from a court of competent jurisdiction—

- (a) a declaration that, apart from any provision contained in the policy, he is entitled to avoid it on the ground that it was obtained by the non-disclosure of a material fact, or by a representation of fact which was false in some material particular ; or
- (b) if he has already avoided the policy on such ground, a declaration that he was entitled so to do apart from any provision contained in the policy :

Provided that an insurer who has obtained such a declaration as aforesaid in any such proceedings shall not thereby become entitled to the benefit of this section as respects any decree obtained in an action instituted before the commencement of those proceedings, unless before or within seven days after the commencement of those proceedings he has given notice thereof to the person who is the plaintiff in the said action specifying the non-disclosure or false representation on which he proposes to rely ; and any person to whom notice of such proceedings is so given shall be entitled, if he thinks fit, to be made a party to the proceedings.

(2) In sub-section (1) "material fact" and "material particular" mean respectively, a fact and a particular of such a nature as to influence the judgment of a prudent insurer in determining whether he will take the risk, and, if so, at what premium and on what conditions.

109. No sum shall be payable by an insurer under section 105 in respect of any decree if, in proceedings commenced before or within three months after the institution of the action in which the decree was entered, the insurer has obtained from a court of competent jurisdiction a declaration that a breach has been established of a condition specified in the policy, being one of the conditions enumerated in section 102 (4) :

Declaration of
non-liability
for breach
of condition.

Provided that an insurer who has obtained such a declaration as aforesaid in any such proceedings shall not thereby become entitled to the benefit of this section as respects any decree obtained in an action instituted before the commencement of those proceedings, unless before or within seven days after the commencement of those proceedings he has given notice thereof to the person who is the plaintiff in the said action specifying the breach of condition on which he proposes to rely ; and any person to whom notice of such proceedings is so given shall be entitled, if he thinks fit, to be made a party to the proceedings.

110. If the amount which an insurer becomes liable under section 105 to pay in respect of a liability of a person insured by a policy exceeds the amount for which he would, apart from the provisions of that section, be liable under the policy in respect of that liability, he shall be entitled to recover the excess from that person.

Recovery of

111. (1) No settlement made by an insurer in respect of any claim which might be made by a third party in respect of any liability of the nature referred to in section 100 (1) (b) shall be valid unless such third party is a party to the settlement.

(2) Notwithstanding anything contained in any other law, the death of a person to whom a certificate of insurance had been issued, if it occurs after the happening of an event which has given rise to a claim under the provisions of this Part, shall not be a bar to the survival of any cause of action arising out of the said event against his estate or against the insurer.

112. (1) Where under any policy of insurance effected for the purposes of this part, a person is insured against any liability which he may incur to a third party, then—

- (a) in the event of the insured person being adjudged insolvent or making a composition or arrangement with his creditors, or
